Career Objective

To build responsive and user-friendly web applications using the MERN stack, while growing my skills in both frontend and backend development. I aim to contribute to innovative projects in a collaborative startup environment and continuously improving through teamwork and mentorship.

Skills

Front-end : JavaScript, React.js, Next.js, HTML, CSS, Tailwind CSS , Bootstrap

Back-end : Node.js, Express.js, MongoDB, Firebase

Tools : Git, GitHub

Soft Skills : Communication, Time Management, Teamwork

Projects

1. Online Live Code (Team Project)

[Live link](#) | [Github](#)

Overview: An interactive, real-time collaborative code editor built with Next.js and TypeScript. Supports live code sharing, secure user authentication, and responsive design across devices.

- Integrated real-time code sharing and editing features
- Firebase Implemented responsive design for seamless experience across devices.
- Developed user authentication using secure login methods.
- Integrated real-time code sharing and editing features.

Technologies: Next.js, TypeScript, onAuth

2. Employee Management System (Own Project)

[Live Link](#) | [Github Client](#) | [Github Server](#)

Overview: A back-end system for managing employee data, attendance, payroll, and performance. Features secure role-based access, RESTful APIs, and scalable data handling with MongoDB.

- Secure employee management and role-based access-control.
- Provides RESTful API endpoints for efficient data operations.
- Uses MongoDB for scalable and structured data storage.

Technologies: React.js, Express.js, MongoDB, Node.js

3. Language Exchange Platform (Own Project)

[Live Link](#) | [GitHub Client](#) | [GitHub Server](#)

Overview: A web platform that connects users for language practice and cultural exchange .

- Real-time messaging and user authentication
- Offers a responsive and intuitive user interface built with React.js.
- Supports a scalable backend using Express.js and MongoDB for reliable performance.

Technologies: React.js, Express.js, MongoDB, Node.js

Education

Diploma in Computer Engineering – Bangladesh Polytechnic Institute (2025)

Language

Bangla (Native)

English (Intermediate)

CERTIFICATION

[Web Development Certificate](#) – (July 2024 - January 2025)
