Innovative Full Stack Developer providing high-impact web app development. Sought opportunities to grow my experience and develop my skills, happily accepting challenging projects and seeking a progressive organization that provides the opportunity for development.

EXPERIENCE

Full Stack Web Developer

Admins Cube - NSW, Australia

November, 2024 - Present

- Leading the development of dynamic full-stack applications using modern frameworks and technologies.
- Ensuring seamless integration of frontend and backend systems for enhanced user experiences.

Full Stack Web Developer

CompileQ - London, United Kingdom

January, 2024 - July, 2024

- Contributed to two full-stack projects: Little Italy (a restaurant booking system) and Qamla Ltd (a job-seeking platform).
- Developed a reusable full-stack system to streamline support for CompileQ's clients.
- Collaborated closely with frontend and backend developers, as well as UI/UX designers, to deliver scalable, efficient, and interactive systems.

Frontend Web Developer

PlayerOrbit - Nagpur, India

December, 2021 - February, 2022

- Developing and maintaining responsive user interfaces, ensuring seamless user experiences across web platforms.

PROJECTS

</> Bikez Online Shop [Live Website Link](#) | [Github Client](#) | [Github Server](#)

- Bike Marketplace Platform: A full-stack MERN application that allows users to browse, buy, and sell bikes, featuring a dynamic and user-friendly interface.
- Modern Styling and Responsive Design: Built with Tailwind CSS for sleek, responsive styling, ensuring an engaging experience on both desktop and mobile devices.

</> Yoom - Zoom Clone [Live Website Link](#) | [Github Link](#)

- Video Conferencing Platform: A full-stack Zoom clone built using Next.js, offering seamless video conferencing and communication features powered by Stream and Clerk for real-time interactions and user authentication.
- Modern and Responsive Design: Designed with Tailwind CSS for a sleek, responsive user interface, ensuring an optimized experience across all devices.
