A passionate and motivated aspiring Software Developer and a Computer Science and Engineering graduate from the International Islamic University Chittagong. While I may not have professional experience yet, I am actively sharpening my skills through self-learning and building real-world projects. I'm eager to join a dynamic team where I can contribute, learn from experienced developers, and grow into a confident full-stack developer. With a strong foundation and a hunger to improve, I'm driven to build efficient, modern, and impactful software solution
