**Objective:** Frontend Web Developer with practical experience in building dynamic and responsive web applications. I recently completed a three-month internship at Lexaeon, USA, where I contributed to multiple projects utilizing React.js, Next.js, GraphQL, and WordPress custom theme development. Passionate about improving user experiences, and adept at learning new technologies to deliver high-quality web solutions.

## Skills & Technologies

**Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Redux Toolkit, Tailwind CSS, Ant Design, Framer Motion (*basic*)

**Backend:** Node.js, Express.js, REST API integration, Mongoose, MongoDB

**Tools:** Git & GitHub, Visual Studio Code, Firebase, Postman, Figma (*basic*)

**Other:** Responsive Design, UI/UX Principles, Payment Gateway Integration (SujoPay, Stripe, SSLCommerz)

## Experience :

Frontend Developer Intern ( [Lexaeon](#), USA )

(June 2024 – August 2024)

- Developed frontend features for various client projects using React.js, Next.js, and Tailwind
- Integrated GraphQL to fetch and manage dynamic content for custom WordPress themes.
- Collaborated with backend teams to implement and troubleshoot REST API integrations.
- Contributed to UI *improvements*, ensuring responsive designs across multiple devices.

## Projects:

### 1. CHAPTER & CO. (E-commerce Bookstore)

[client site](#) | [server site](#)

**About:** Online bookstore for browsing, carting, and purchasing books.

Features:

- Developed admin dashboard for book management and order handling.
- Implemented dynamic search, filtering, and cart functionalities.
- Integrated payment system and ensured a fully responsive UI.

**Tech Stack:** Next.js, Tailwind CSS, TypeScript, Node.js, Express, MongoDB, Mongoose.

### 2. Event Planet : (Team project)

[client site](#)

**About:** Event Planet is a dynamic event management and booking website tailored for seamless event organization

and attendance. With intuitive features, it caters to both event organizers and attendees.

**My Contributions:.**

- Implemented event creation, payment integration, and checkout functionalities.
- Designed and developed key pages including the About and Error pages
- Contributed ideas to enhance overall user experience and navigation.

**Technologies Used:** Demonstrated mastery in HTML, CSS, JavaScript, React, Redux, Node.js, MongoDB, and SSLcommerz

### 3. SCHOLARLY : (Educational Service Website)

[client site](#) | [server site](#)

**About:** A platform connecting students with tutors for 1-on-1 sessions.

**Features:**

- Built role-based dashboards for students, tutors, and admins.
- Implemented tutor booking flow with SurjoPay and real-time notifications via Socket.IO.
- Added features like blogging, profile management, and session approvals.

**Tech Stack:** Next.js 15, Tailwind CSS, TypeScript, Node.js, Express, MongoDB, Mongoose, Socket.IO, Ant Design.

#### Personal Information :

**Name :** Nilima Jahan Pritom

**Father Name:** Hedayet Ullah Khan (late)

**Name:** Mrs. Humayara Begum

**Date of Birth:** February 16, 2000

**Religion:** Muslim

**Blood group :** O +(ve)

**Present Address:** Oxygen, Chittagong, Bangladesh.

**Permanent Address:** Suchipara, Shahrasti, Chandpur, Bangladesh

#### Education :

- **Bachelor of Science (B.Sc.) in Botany**
  - National University of Bangladesh, Session 2020-2021 (Expected Graduation: 2025) • Relevant Coursework: Botany
- **Higher Secondary Certificate (HSC)**
  - Comilla Board, 2019
  - Science Group
  - GPA: 3.96
- **Secondary School Certificate (SSC)**
  - Comilla Board, 2017
  - Science Group
  - GPA: 4.86

**Language:** Bangla (Native), English (Fluent)
