ABOUT ME

I'm a dedicated Front-End Developer with a passion for crafting responsive, user-friendly web interfaces. Skilled in HTML, CSS, and CSS now updated frameworks like Bootstrap and Tailwind CSS, JavaScript, and modern frameworks like React and Next.js, I focus on delivering clean code and seamless user experiences. I thrive in collaborative environments, continuously learning to stay ahead in the ever-evolving web development landscape.

WORK EXPERIENCE

Academic Project:

Portfolio Website—Next.js, Tailwind CSS, Responsive Design

- Built a fast-loading personal website using Next.js and styled with Tailwind CSS, optimized for all screen sizes.

E-Commerce Web App—React.js, REST API Integration, Responsive Dashboard

- Developed a feature-rich e-commerce interface using React.js with dynamic product listings fetched via REST APIs. Designed a clean, responsive admin dashboard for product, order, and user management using Tailwind CSS and React Hooks.

Number Guessing Game - JavaScript ES6, Input Validation, Game Logic

- Created an interactive number guessing game using JavaScript ES6 with user input validation, limited guess attempts, and dynamic game state updates.
