SUMMARY

Web Developer with experience building responsive and user-friendly web applications. Skilled in Next.js, TypeScript, Tailwind CSS, React, and working with databases like Prisma and PostgreSQL. Focused on creating clean, functional designs and seamless user experiences.

EXPERIENCE

Intern Developer (Front-End) | Becho Ltd. | *February 2024 - July 2024*

- Worked with the team to develop and optimize web components, delivering tasks within deadlines.
 - Gained hands-on experience with Next.js and Storybook for front-end development.
 - Focused on building reusable components, improving responsive design, and ensuring a consistent user experience.
-

PROJECTS

- **Summarizer_n_Paraphraser** : https://github.com/002kFahim/Summarizer_n_Paraphraser
 - Utilized Next.js, Node.js, MongoDB and Next-Auth to develop a platform catering to students and teachers.
 - Facilitated Summarizer, Paraphraser and Question Generator.
 - **Hate Speech Detector** : https://github.com/002kFahim/Hate_Speech_Detection_2.0
 - Employed HTML, CSS, and Python to create a multilingual hate speech detection platform.
 - Enabled users to identify hate speech in Bangla, English, or a mixture of both languages.
 - **Game-Rent-Review** : <https://github.com/002kFahim/game-rent-review>
 - Leveraged React.js, Node.js, and MySQL to develop a platform catering to gamers.
 - Coordinated game reviews, purchases, rentals, and community discussions.
-

SKILLS

- **Front-End Development:** HTML, CSS, JavaScript, TypeScript, React.js, Next.js, React Native.
 - **Back-End Development:** Node.js, Express.js, Prisma.
 - **Database:** MySQL, PostgreSQL, MongoDB.
 - **Other:** Storybook, UI/UX Design (Figma).
-

EDUCATION

- **B.Sc. in Computer Science and Engineering** | North South University | 2020 - 2024
