## Full-Stack Developer

Full-Stack Developer with 3+ years of experience building responsive, user-centric web applications using React.js, Next.js, and modern JavaScript frameworks with TypeScript. Proven expertise in integrating APIs, optimizing performance, and developing scalable UIs. Passionate about clean code, accessibility, and delivering exceptional user experiences.

### Skills

**Front-End** : HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Next.js, TypeScript, SASS

**Backend** : Node.js, Express.js, MongoDB, PostgreSQL, JWT

**Design/UI** : Figma, GSAP, Material UI, DaisyUI, Shadcn Ui

**Tools & Devops** : Git, GitHub, Netlify, Vercel, Render, Firebase, Figma, GSAP

### Projects

#### BuildiFy — Apartment Booking Platform

[Live Demo](#) | [Client Code](#) | [Backend code](#)

- Built a full-featured property booking platform with React.js, Node.js, and MongoDB.
- Developed an admin panel for property managers to easily manage listings, bookings, and user inquiries.
- Integrated Stripe secure payment gateway to support smooth online transactions.

**Used Skills** : HTML, CSS, Tailwind, CSS, Material UI, JavaScript, React.js, Node.js, Express.js, MongoDB, JWT, Firebase

#### JobQuest — Job Finding Platform

[Live Demo](#) | [Client code](#) | [Backend code](#)

- Developed a job listing platform with search, sort, and manual data entry features using React, Firebase, and Tailwind CSS.
- Improved user engagement by implementing dynamic filtering and responsive design.

**Used Skills** : HTML, CSS, Tailwind, CSS, DaisyUI, JavaScript, React.js, Node.js, Express.js, MongoDB, JWT, Firebase

#### Explore Asia Paradise — Tourism Website

[Live Demo](#) | [Client Code](#) | [Backend code](#)

- Integrated JWT authentication and protected routes for secure access.
- Implemented custom APIs and spot search feature to enhance user experience.

**Used Skills** : HTML, CSS, Tailwind, CSS, DaisyUI, JavaScript, React.js, Node.js, Express.js, MongoDB, Firebase

### Work Experience

#### Product Manager — Bondi Patshala

May 2025 – Present

- Spearheaded the development of student-centric features, including live class scheduling, progress tracking, and interactive quizzes.
- Collaborated with engineering, design, and academic teams to build and iterate on Bondi Patshala's web and mobile platforms.
- Managed the product backlog, prioritized features using data-driven insights, and led sprint planning and reviews.
- Defined and tracked KPIs such as daily active users, course completion rates, and customer feedback to inform product decisions.

#### Frontend Developer — Apar's Classroom

Oct 2024 – March 2025

- Developed and maintained features for the student dashboard, class schedules, and real-time class updates using React.js, Tailwind CSS, and JavaScript.
- Collaborated closely with the product and backend teams to ensure seamless API integration and smooth user experience.
- Fixed frontend bugs reported by users and moderators, ensuring faster resolution and increased platform stability.

### Awards and certificates

#### Web Development Certificate

[View Certificate](#)

- This certificate marks the culmination of my journey through the dynamic world of web development.
- It symbolizes not just the completion of a course, but the acquisition of skills that turn ideas into interactive digital experiences.
- With this certification, I am equipped to create innovative, user-friendly websites that meet the demands of the modern digital landscape.
