Profile

Junior Software Developer at SoftBD Ltd., specializing in backend development using Laravel. Experienced in crafting robust and efficient backend systems. Keen to leverage my skills in frontend development to contribute to full-stack solutions. Committed to continuous learning and delivering.

Education

M.Sc in Engineering, Information & Communication Technology
Bangladesh University of Engineering & Technology, Dhaka-1000.

B.Sc in Engineering, Electrical & Computer Engineering   December,2023
Rajshahi University of Engineering & Technology, Rajshahi-6204.

Skills

Laravel | React | Php | html | CSS | JavaScript | MySQL | OOP

Data Structures and Algorithm | jQuery | Bootstrap | Tailwind CSS | Python

Problem Solving

- Solved 200+ problems in Codeforces
- Solved 50+ problems in Hakerrank
- 100+ problems in URI online judge

Project

I developed a restaurant website using HTML, CSS, and JavaScript. This is a responsive website and I use media queries to make it responsive. It has an index page, a menu page, a special items page, and other pages.
