PROFESSIONAL SUMMARY

Full-stack web developer with hands-on experience in building responsive web applications using the MERN stack. Focused on clean code, performance, and practical problem-solving. Built multiple real-world projects integrating frontend, backend, and database systems.

SKILLS

- Frontend
  React.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6)

- Backend
  Node.js, Express.js

- Database
  MongoDB

- Tools & Others
  Git & GitHub, VS Code, Netlify/Vercel

- Learning
  Typescript , NextJs ,Mongoose

PROJECTS

Tutorly -- Online Tutor Booking Platform

A user-friendly platform where users can connect with tutors across various languages and subjects. It simplifies the process of finding, reviewing,

and booking tutors through an interactive and user-friendly interface. The platform is essential for promoting accessible learning opportunities globally and streamlining the tutor hiring process. Users can browse categories, view detailed tutor profiles, and book sessions securely. Features like adding tutorials, managing bookings, and reviewing tutors enhance user engagement.

Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT.

Live Demo || Front-end Github || Back-end Github

Features:

   User authentication with Firebase

   Finding ,adding, updating, and deleting tuition posts

   Booking new tuition with tutorly

   Responsive design with Tailwind CSS

Cargo -- Parcel Management System

A MERN stack web app for Parcel Management System and role-based dashboards (**User, DeliveryMen, Admin**).Here people can Book Parcel To Deliver, Admin Can Assign Delivery Person, and Delivery Person Delivers the Parcel with frother more features like giving review ,tracking parcel status,parcel count,delivery man information etc .

Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT.

Live Demo || Front-end Github || Back-end Github

Features:

   Role-based dashboards(**User, DeliveryMen, Admin**).

   JWT-based user authentication

   DeliveryMen panel for tracking parcels

   Admin panel for managing users and Parcel

ACHIEVEMENT

Completed: Complete Web Development Course with Jhankar Mahbub

Platform: Programming Hero

Date: July 11, 2024

A six-month intensive program focused on full-stack web development. Gained hands-on experience with frontend and backend .

Technologies including:

HTML5, CSS3, JavaScript (ES6), React.js, React Router, Tailwind CSS

Firebase authentication, Node.js, Express.js, MongoDB

User management, API handling, and deployment best practices

EDUCATION

Honours in Mathematics ,
From : SUST   Expected Completion: 2028

HSC In Science,
From : Jatir Janak Bangabandhu Sheikh Mujibur Rahman Govt. College
                                                    Completed in 2023

SSC In Science,
From : Uttarkhan Govt. Secondary School   Completed in 2021
